

BENEFITS OF PARTNERING WITH

INCREASED EXPOSURE

Increased exposure of the partner program within the tech community and with industry connections

INCREASED SKILLS AND CONTENT

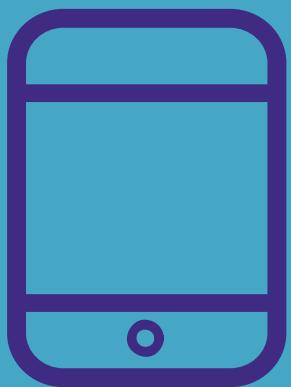

Increased collaboration and knowledge shares for curriculum or program content on coding with industry experts.

INCREASED PEOPLE POWER

Increase in volunteers in partner programs through current and graduate students of our program. Students will benefit from volunteering at such events to solidify their knowledge of coding.

INCREASED PASSION AND MOTIVATION

We are serious about coding and encourage others to be as well. This shows in the attitudes of our current students, working graduates and educators who want to contribute to the tech community.
